**WEB DEMO**

## Letstrack Introduction

Letstrack is Asia's No.1 award winning GPS tracking and software company.

Our patented app, web platform and market leading range of devices, combined with our nationwide installation and service network, makes us the Fastest growing GPS Tracking & Security company in India.

## Why partner with Letstrack as a specialist tracking company?

- Nationwide coverage with over 2500 trade fitters means we can fit a device anywhere in India within 48 hours.
- Service and support remains undiluted by other elements. We specialize only in tracking and all our users have chosen our award winning app for that purpose.
- Award winning and patented user friendly app and design.
- With an in-house IOT and software company at our core, we have unlimited capability to adapt and expand.
- 1000+ exclusive LT Premium Points across India, UK & Sri Lanka.
- We have been adding value to more than 500+ businesses across various countries.
- 3500+ schools around the World put their trust in us.
- Innovative LT Retail app for fast, transparent communication for all our channel partners.

## Enterprise Letstrack solution

- API/Protocol based integration with Letstrack Platform.
- Customized hardware development & extensions.
- Customized applications and workflow development.

## Map View

Map view gives the current location of the vehicle plotted on map. Very useful for monitoring and surveillance.

# Shift Route Map

Routes and shifts can be created for Fleet owners and the screen will show the routes and alerts will be given for any diversion.

Shifts can also be created and report for these can be extracted from Web Login.
